Accura Infracon is a leading provider of construction equipment rental services in Delhi, offering reliable, efficient, and cost-effective solutions to meet the demands of the construction and infrastructure sector. With years of industry experience and a commitment to excellence, Accura Infracon has established itself as a trusted partner for contractors, builders, and infrastructure developers across the region.

The company offers a comprehensive range of modern, well-maintained equipment for rent, including excavators, backhoe loaders, concrete mixers, transit mixers, cranes, scaffolding, boom lifts, and more. Whether it’s for residential projects, commercial buildings, road construction, or large-scale infrastructure developments, Accura Infracon ensures the right machinery is available to get the job done efficiently and safely.
