Live Classes for small groups as well as 1-1
Our objective was to transform online education into a live, interactive and engaging experience.

So, our engineers designed a platform with all the tools necessary to recreate the classroom and make teaching effective from anywhere in the world. This included an AI-driven, secure, video conferencing tool developed in-house by our software engineers. Features for streamlining coursework, assignments and assessments in one place. And a way to communicate with students through messages and mails within the system.

infyni Learning

Learn from instructors, selected for their expertise. Interact with instructors and peers in real time. Ask, argue, clarify, discuss. Our courses come under 3 categories :

Professional
Academic
Kids

infyni Platform

An easy-to-use, reliable platform designed for teaching & tutoring from anywhere in the world. An interface where content development, course administration, student and teacher management, course progress tracking, and reporting is all integrated into one. The platform is meant for :

Independent Tutors
Coaching Institutes
Schools

infyni is committed to providing learners and mentors the support and resources they need to succeed as part of a learning community.
