AeriQ is an Indian in-car air-care brand from AeriQ Innovation Technology Private Limited, Gandhinagar, Gujarat. Its AeriQ PURE line reimagines the car perfume as fine fragrance: a 40 ml bottle with a press-to-release wooden crown that lets drivers control scent intensity. One bottle gives up to 400 presses - about 133 days - across oud, musk, floral and fresh-citrus scents, each inspired by a place in India. Built for the car cabin. Online at aeriqindia.com with free shipping, bundle discounts and 5% off prepaid orders.
