At DHI, we have addressed all types of hair loss issues since 1970. After the success of rendering the FUE hair restoration procedure in 2003, we initiated and implemented the Direct Hair Implantation (DHI) hair transplant treatment in 2005. At DHI International, the comprehensive hair restoration process is carried out by MD Dermatologist doctors. All our doctors are well-qualified and highly trained and certified by the London Hair Restoration Academy. We assure 100% safety, natural and lifetime healthy hair regrowth results.
