World-class weaving preparatory textile machinery made under stringent quality control conditions and a creditable track record of prompt after-sales service for over three decades has established Jupiter Comtex Pvt Ltd as a leading name of international repute in the Indian textile machinery industry.

The company had begun its operations by producing drum-driven warping machines. Immediately in 1974, we manufactured the first-ever DC drive sizing machine followed by a spindle-driven direct warper in 1989. Later in 1997, PLC controlled Sizing machine was introduced, which was fully automatic in nature. For the Denim segment Indigo slasher dyeing machine was introduced in 1998 followed by the Indigo Rope Dyeing machine in 2017.
