SEL Tiger is a TMT Bar manufacturer and supplier offering high-quality TMT bars. We have an integrated manufacturing plant that processes Fe ore to primary steel and then manufactures TMT Bar. The thermo mechanically treated bars are highly flexible, corrosion-resistant, fire-resistant and able to withstand high impact. At SEL, we provide a wide range of TMT bars consisting of TMT bar grades Fe-415, Fe-500, Fe-550D, Fe-550, and Fe-600 and diameter range from 5.5mm to 32mm.
