Candrol is the most renowned Cancer Treatment center in India and also one of the preeminent cancer treatment centers in India. The team at Candrol is continually working to bring out the efficient non-conventional method to treat cancer. The CEO and Founder of Candrol, Dr. Rishi Sharma has developed a protocol, popularly known as the Candrol protocol, which has been tested by the experts of oncology in over 100 countries, and the result of every test was positive. Candrol is a non-conventional method of treating different types of cancer with almost negligible side effects compared to other methods of Cancer Treatment. Also, Candrol can be easily combined with other treatment methods for better and more efficient results.
