Ionic is a complete open-source software development kit for hybrid mobile app development. Ionic provides tools and services for developing hybrid mobile apps using web technologies like CSS, HTML5, and SASS. Ionic development helps users to build the app and later that can be customized for Android, iOS, Windows or Modern browser. Ionic mobile app development has changed the market of mobile apps as it has become one of the most talked apps. It has streamlined the development of multi-platform applications, bringing a novice feel to the field of hybrid apps.
