MAPL is a leading aluminium composite panel manufacturer in India, embracing innovation with product inventiveness that keeps getting upgraded with the changing requirements. Our aluminium panel products are not only variegated but also possess the quality of application on a range of surfaces and areas, making them adaptable and user-friendly. We are in a constant endeavor to engage in R&D of our products. R&D is our mainstay for evolving and growing as the leading manufacturers of ACP products. MAPL has a state-of-the-art manufacturing facility at Sabarkantha, Gujarat, to produce world class ACPs. MAPL is equipped to produce over 6500 Sq. mtr. of ACPs everyday and is in the process of enhancing the capacity to increase production to cater to the overseas market. MAPL is accredited with ISO 9001-2015 & ISO 14001:2004 certification and also certified by India's reputed testing institutions. Our Mission is to ensure that we produce benchmarked exterior and interior decorative material acp sheets. We continue to meet the changing needs of our clients with excellent services by our qualified team. Our Vision is to be an undisputed market leader in the aluminium elevation industry by providing trending exterior and interior building products that enable

architecture creation. We maintain consistent quality by creating value propositions for customers and stakeholders. We highly value collaboration and the coming together of the whole process and team in a way that we can achieve progress. Working together successfully we have implemented several goals and outcomes with the commitment of our people. We manufacture Aluminium composite panel (acp) sheets, partition panel, hpl sheet, fire grade acp, bus body acp sheet as well as classic acp sheets with variegated textures, designs, colors and range. We are a gift from India to the world.
