**Ferrites India** has been working in the field of Magnetics and its applications since 1980.

The Ferrites India team has gained expertise over the years in testing and magnetic treatment of magnets and magnetic materials. Our products are extremely useful in R&D, Design production and Quality inspection stages.

Ferrites India instruments find its applications in different fields where steel and other magnetic materials need testing or magnetic treatment.

Our product list consists of items like Hysteresis Loop Tracers, Watt Loss Testers, Impulse Magnetizer, Susceptibility Meter, Impulse Magnetizer Flux meters, and Magnetizers.

These machines are robust and manufactured as per International standards. Due to which, the ones which have been sold have been providing efficient services for decades.
