Insomniacs offer a wide range of services which include anything and everything that is required to turn a brand into a 'Rockstar'. This also includes putting a client's brand in the limelight and creating a loyal fan base which would gladly break into a 'mosh-pit' at each and every move that the brand makes. With an ambition to be a force to reckon with in the digital arena, in the past two and a half years, we have encompassed what is expected out of a digital agency covering the digital landscape.
