When the highest precision of test results, measuring instruments and calibration services from Prism Calibration centre is the first choice. Founded in the year 2004, "Prism Calibration Center", have earned a tremendous reputation in the industry by providing services in the areas of Calibration, Validation, Environment Audit, Instant Supply, and Work Optimization.

Not only this, we provide timely, traceable, and cost-effective services that are accompanied by clear and concise calibration certificates. From accurate on-site testing to fully accredited Weighing Scale Calibration Services In Ahmedabad, we advise on every area of instrument calibration to meet all your business calibration requirements.

The regular calibration process is vital to keep the instrumentation controlling your critical operations. Be it the pharmaceutical industry or any other manufacturing unit; it is recommended to follow the rules

and regulations governed by Schedule 'M', C-GMP and WHO. We continually strive for the best quality industry standards to provide our customers with cost-effective and sustainable solutions for each project, be it trading measuring instruments, work optimisation tools and infrared guns.
