RailMeal was incorporated on 22nd January 2019, and we are a unit of KVAS Softech Private Ltd. in a short period, we have given a new concept of ordering and eating food in Indian trains. We cater them with high-quality, fresh, and mouth-watering cuisines from the quality checked FSSAI approved restaurants across the country. The main aim and mission of our company are to provide the passengers with high-quality food choices right at their seat on the train. We ensure that our association with quality restaurants and eating joints has been finalised to make hygienic food available to the customers. A wide spectrum of cuisines like North India, Jain food, South Indian, Chinese, and Italian, Vegetarian and Non-Vegetarian, delicacies is a part of our menu.

The Process is very simple any customer can book food online on the go or in advance via RailMeal Website, App. So the worry of eating tasteless and unhygienic food is replaced with high-quality well-packaged food at your seat. We have the technology to track the real-time status of the train as per the details of the train, the delivery is made. We never miss the time-bound food deliveries and aim to

continuously provide our valued clients with the best services.
