Rajhans has constantly delivered successful solutions with a diverse range of quality products. Founded in 1995, Rajhans Plastic Machinery Pvt. Ltd. holds the privilege to be the first company to introduce the concept of screen changers in India. And today, it has the distinction of being a major exporter of screen changers as well.

At Rajhans, you'll find a state-of-the-art set-up and infrastructure that helps us carry on highly precise engineering processes. What adds to this infrastructure is a big and strong team of qualified and experienced professionals who produce amazing results in any assignment taken up. We combine complex engineering together with our proven experience to create products that add great value to our clients' production process.
