Rotunda, the Center for Human Reproduction (CHR), a fertility and IVF clinic in Mumbai, was established in 2000 with the aim of finding the best possible fertility solutions for our patients. We originated as India's first low-cost IVF clinic, the Deccan IVF, using antagonist protocols to reduce treatment costs. Located in the Hospital area of Parel, Mumbai, we are among the finest fertility healthcare service providers. We have also conducted several international conferences collaborating with globally renowned fertility experts to train Indian medical professionals.
