e-School ERP is a School Management ERP Software that has been designed and structured by our team of experts while keeping in mind all the day-to-day management-related requirements of a school. The management tool is capable of fulfilling all the requirements of a modern school. In other words, it is a one-stop-solution for all the Academic & Administration related management needs of any school. It's a Simple, Powerful, and affordable tool that comes packed with 25+ comprehensive modules which suit the needs of almost each and every school or educational institution, right from the time of a student's admission to his leaving for better future, and from a collection of fees to the time of announcing exam results.
