Jyoti Educational Society was founded in 2008 with the intent to provide education in rural areas and help kids aspiring to pursue education.

Sheoran International School was founded under the aegis of Jyoti Educational Society with an aim to make learning fun by embracing the unconventional way i.e. Play, Learn, Innovate and Experience.

A good school is where students can study in a stress-free environment and enjoy the freedom to ask thought-provoking questions.

Our motive at Sheoran is to generate curiosity among students, allow them to commit mistakes and then learn, favouring personalised learning over differentiated learning, thus eliciting the best in each child and making them lifelong learners, bubbling with self-confidence,

with an intrinsic potential for global leadership.

PLAY

We develop path-breaking play-based pedagogies grounded in research on cognitive developmental psychology. We guide and mentor the students to be independent thinkers and problem-solvers by providing a playful environment for learning.

LEARN

We provide an enriching learning experience by amalgamating indoor and outdoor activities. The latest pedagogy and technology cater to multiple intelligences

INNOVATE

We offer the right environment for innovation and support the students to bring their ideas to fruition.

EXPERIENCE

At Sheoran, they will experience the joys of learning which will transform them into confident individuals with a positive attitude.
