**Simplior** is a lot more than just an IT organization; it resembles a family that has been a part of the successful journey for the last 10 Years. Every Simplorian believes that success is a direct translation of creative ideas that are turned into reality with sheer technical expertise. This is what we work for as a team and want to be remembered in the coming years.

Our values and vision have helped Simplior to become a leader in this sector across nations, helping companies in different domains. Our main target is to provide our clients with innovative solutions that open up new opportunities for them with the help of technology and help them reach new heights in the coming days.

At [Simplior Technologies](#), We are one of the leading IT firms company in India and the USA. We provide comprehensive web and e-commerce development, in-house strategic consulting, UI & UX design & development, QA/testing, and marketing services to all of its clients, and custom-build every product precisely to client specifications.

**Our core services are comprised of:**

1. [Web Development](#)
2. [E-Commerce Development](#)
3. [Mobile App Development](#)
4. [AI & ML Development](#)
5. [QA Services](#)
