We are an aggregator of home food service providers where consumers can search and find providers and place food order.

At [simply home food technology](http://www.simplyhomefoodtechnology.com) you enjoy a rich variety of regional Indian food that is different every day. Simply home food technology is an online food aggregator that provides authentic home cooked food services in Bangalore. The startup has a network of housewives or mini food outlets that are passionate about serving healthy home food on chef aggregation model. Our second best thing is to have healthy food delivered to your doorstep. A customer can use any form of payment, ie, COD, mobile wallet or card payment.
