We introduce ourselves as well established training center for teaching Robotics, basic electronics, Engg.4 kids, coding, science experiments, IOT, Python, Arduino etc. to kids and children age 4-16 years in Gurugram (Haryana). We have developed our own robotic and electronic kits and each student gets home take away kit along with training. We have highly qualified and experienced engineers as trainers. Each student get certificate after completion of the course. Please contact us for more details. We provide online and offline classes both.
