Acne (be it hormonal or due to the regular usage of masks) is one of the most irritating conditions that most people with sensitive skin suffer from, especially in the humid months in India. Saraswat Hospital provides the ideal solution to those patients in the form of a highly customized acne scar treatment. Through this treatment using laser devices or Dermarollers, based on the patient's skin tone and texture, doctors can get rid of boxcar, raised, bridge, and icepick scars completely. The acne scar treatment, when performed by professionals, can leave extremely natural results and younger-looking skin. In case you want to know more about the treatment, you can get in touch with the international-board certified cosmetologist and cosmetic surgeons at [Saraswat Hospital](#) today.
