Conference call made as simple as “just a click away” through our mobile App (Android & IOS) & Web access. Facility of creating multiple groups and members. Connect with your team instantly or scheduled through incoming calls to your members. Hassle free conference, without remembering the bridge number & PIN. Automated dial out with the set timings. While scheduling the conference a reminder gets triggered through SMS to all the participants and also triggers SMS alerts before 5 minutes of the call to inform the members about the conference. Control your participants during the call through live monitor by Add/ Mute/ Unmute/ Connect/Disconnect any participant. Voice logs are created, hence no need to maintain any minutes of meeting for future reference. Recent call history is available for scheduling and for instant conference. “Both Moderator and Participant can transfer the call between mobile and landline without any disconnect of the conference.”
