[AZSE \(Asmazara Skin Essentials\)](#) is a science-backed skincare manufacturer and brand from India, specializing in vegan, halal-certified, cruelty-free, and dermatologist-approved formulations. Founded by cosmetic chemist Asma Zara, our company delivers safe and effective solutions for skin concerns such as acne, pigmentation, dullness, and sensitivity.

Our portfolio includes serums, cleansers, and toners, designed with globally recognized active ingredients like niacinamide, vitamin C, hyaluronic acid, and ceramides. What makes AZSE unique is our ability to customize formulations and ingredient concentrations based on specific skin types, ensuring products are both gentle and results-driven.

As an emerging [Indian skincare](#) exporter and supplier, AZSE is committed to clean beauty, ethical sourcing, and clinical-grade innovation. We are actively seeking partnerships with distributors, retailers, and private-label brands worldwide who want to bring ethical,

science-backed skincare solutions to their markets.
