At the age, when we all sick out for social media for happiness, I, vaibhavi used this as Knowledge. While in lockdown I established CRISP CARNIVAL is a registered brand of pacifico Dry Fruits to educate people to eat healthy and stay fit. This wasn't planned as a career as a Housewife. All credit goes to my husband who always encourages me to start up. We got married in November 2019, and now this tiny business goes up in Ahmedabad run by us. Our main goal is to provide Healthy dry fruits to all without any mixing flavour.
