Shops & Offices at Exotica 132 Start from ₹95 Lakhs

Noida, Sector 132:

A new commercial project, Exotica 132, has been announced by Exotica Group in Sector 132, Noida. This project brings a mix of office spaces, retail shops, and food outlets, thoughtfully planned to meet the needs of modern businesses and local visitors.

Located right next to the Noida Expressway, Exotica 132 enjoys strong road connectivity. The area is already home to top companies like Adobe and Infosys, and thousands of people living in Jaypee Wishtown and nearby sectors. This makes it a promising location for business owners looking to set up their shop or office.

The project covers 3.5 acres and has two towers with office spaces and a separate retail block. Schools, hospitals, and metro stations are also

nearby, making it easy to reach for everyone.

Construction will begin soon, and the project is registered under RERA (ID: UPRERAPRJ731857), ensuring safety and transparency for buyers.

Exotica 132 is designed to bring daily convenience, smart spaces, and good footfall to one of Noida's most growing areas. Whether you're starting a business or expanding one, this project is expected to offer a good opportunity.
