Innovative Roof Tech Pvt. Ltd. is a leading manufacturer, supplier, and installer of premium roofing solutions in India. Based in Coimbatore, we specialize in UPVC Roofing Sheets, PVC Roofing Sheets, Polycarbonate Roofing Sheets, Factory Roofing Sheets, Waterproof Roofing Sheets, PVC Thoomanam, Roofing Accessories, and Rainwater Gutter Systems for residential, commercial, industrial, warehouse, and agricultural projects.

Our roofing solutions are designed to deliver superior heat resistance, weather protection, corrosion resistance, durability, and long-lasting performance. We provide complete roofing services including free consultation, site inspection, product supply, customized roofing solutions, professional installation, and after-sales support.

With a commitment to quality, innovation, and customer satisfaction, Innovative Roof Tech serves clients across Tamil Nadu, Kerala, Karnataka, Andhra Pradesh, Telangana, and throughout India. Whether you need industrial roofing for factories and warehouses or modern roofing solutions for commercial and residential buildings, our expert team delivers reliable, cost-effective, and high-performance roofing

systems tailored to your project requirements.

At Innovative Roof Tech, we believe every structure deserves a strong, durable, and weather-resistant roof built to last.
