Octopus Medical Technologies Pvt. Ltd. is your one-stop-shop for Quality Medical Equipment at affordable prices. We offer excellent quality of refurbished products from Heart lung machine, Heater coolers, Intra-Aortic Balloon pump, Surgical Microscopes, Surgical Lights, Defibrillators, Multi-parameter monitors, EKG machines, Ultrasounds, IV Pumps, to a multitude of other medical equipment. Octopus Medical proudly serves all of the Indian sub-continent. At Octopus, we deliver more than we promise!

Highly experienced people in the field of Biomedical Engineering formed a team of 15 members that combine 50+ years of varied and diverse medical/healthcare industry experience to present creative solutions to all healthcare outlets. Most qualified, highly trained Biomedical Engineers and most comprehensive refurbishing process are applied to each and every piece of equipment. Additionally, an American refurbishing process and huge inventory has made us a distinct market player. In order to accommodate success, increasing demand and a growing team, Octopus Medical has recently relocated to a bigger place
